

Notes concerning redemption solutions acc. to regulations of ElektroG §7a in Germany for electrical and electronic equipment in Germany (B2B-customers)

The EU directive 2012/19/EU of the European parliament and the EU Council on **Waste Electrical and Electronic Equipment (WEEE)** provides the obligation to re-use or recycle such equipment or, otherwise, to properly treat and dispose of such device according this directive. For users, that are not private households, the manufacturer has to create a reasonable possibility to return such electrical electronic equipment.

We take this responsibility by offering a possibility to return all equipment sold by "MAV PRÜFTECHNIK GmbH".

The costs for treatment and separation as well as recycling, recovery and disposal according to the relevant stipulation of the ElektroG in Germany by a certified waste management company depend on the type and condition of your device. For detailed information about your expenses for this procedure, please contact us via email at following email address

weee-ruecknahme@mav-germany.de .

If you want to use our service to return your device, please send the *return form* on the next page of this document together with your device to following address:

**MAV PRÜFTECHNIK GmbH
- Rückgabe Elektrogeräte -
Sanderstr.28
D-12047 Berlin**

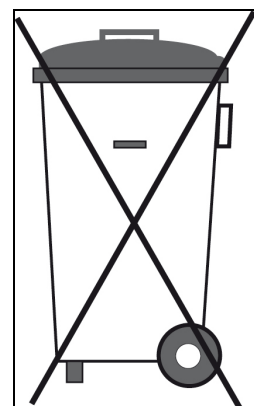

Please fill out the *return form* completely by listing the model and serial number, that can be found on the type plate on any of our devices.

Notes about personal data according §19a ElektroG

Please delete all personal data that are with or on the device (sticker, labels etc.) before you send it to us.

Labeling of Electrical and Electronic Equipment

The label on the device with a cancelled dustbin indicates that this device must not be disposed of in the household waste and needs to be collected separately. Please note, that in case you do not want to return it to us, you are responsible to dispose of the device according to the stipulations of the ElektroG.

Return form

for electrical and electronic equipment in Germany (B2B-customers)
